

AGL Resources is the largest natural gas-only distribution company in the United States based on customer count. In business for more than 150 years, we're constantly working to ensure our customers have access to clean, safely delivered natural gas for decades to come. In addition to regulated utilities in seven states, we also operate complimentary non-regulated businesses that provide retail, wholesale and storage services.

Seasoned and well-regarded executive leadership, combined with our strategy of maximizing shareholder value by maintaining a long-term focus on the fundamentals of our business, positions AGL Resources as an industry leader.

ABOUT OUR BUSINESS

Distribution Operations

Comprised of utilities in seven states that deliver natural gas to approximately 4.5 million customers, natural gas distribution is the primary focus of AGL Resources.

OUR SEVEN DISTRIBUTION COMPANIES:

- ◆ Atlanta Gas Light (GA)
- ◆ Chattanooga Gas (TN)
- ◆ Elizabethtown Gas (NJ)
- ◆ Elkton Gas (MD)
- ◆ Florida City Gas (FL)
- ◆ Nicor Gas (IL)
- ◆ Virginia Natural Gas (VA)

These utilities construct, manage and maintain intrastate natural gas pipelines, distribution facilities and peaking and storage facilities. Additionally, they respond to and repair gas leaks and other requests for service. AGL Resources is committed to investing in pipeline maintenance and upgrades.

Other Businesses

Retail operations feature the marketing of natural gas and related home services, such as appliance repair and line protection plans, to customers in our utility footprint and beyond. Our wholesale services segment helps many of our utilities as well as third parties manage their natural gas assets and requirements more effectively. Midstream operations provide natural gas storage.

STRONG FINANCIAL PERFORMANCE

AGL Resources remains committed to maintaining a long-term focus on the fundamentals of our business. Our operational expertise and expense discipline makes us an attractive investment option for both individual and institutional investors. In fact, we have delivered a total shareholder return of 95% over the past five years.

Our strategic priorities include:

BUSINESS

- ◆ Centralize service functions that are scalable
- ◆ Improve utility returns by operating complementary non-regulated businesses
- ◆ Target fair returns on regulated infrastructure investments

FINANCIAL

- ◆ Maximize return on invested capital
- ◆ Maintain financial integrity in utility and non-regulated businesses
- ◆ Grow dividends and earnings

INVESTORS

- ◆ Focus on Total Shareholder Return
- ◆ Ensure management and employee incentives are properly aligned with shareholder interests
